

◆ **Plenary Lectures** (\*The lecture titles are tentative.)

**1. Ferid Murad (University of Texas Health Science Center, USA)**

“Discovery of nitric oxide and cyclic GMP in cellular signaling and their role in drug development”

**2. Robert G. Roeder (The Rockefeller University, USA)**

“Mechanism of action of nuclear receptor coactivators”

**3. Shuh Narumiya (Kyoto University Graduate School of Medicine, Japan)**

“Physiology and pathophysiology of prostanoid receptors”

**4. Shinya Yamanaka**

(Center for iPS Cell Research and Application, Institute for Frontier Medical Sciences, Kyoto University, Japan)

“Induction of pluripotency by defined factors”

**5. Henry M. Kronenberg (Massachusetts General Hospital, USA)**

“Parathyroid hormone's actions on bone”

**6. Martin M. Matzuk (Baylor College of Medicine, USA)**

“Function and dysfunction of the mammalian reproductive system”

**7. Theo J. Visser (Erasmus MC, The Netherlands)**

“Molecular and clinical aspects of thyroid hormone transporters”

**8. Masato Kasuga (Research Institute, International Medical Center of Japan)**

“Insulin signaling and diabetes”

**9. Stephen R. Bloom (Imperial College London, UK)**

“Bowels control brain – Gut hormones and obesity”

**10. John W. Funder (Prince Henry's Institute of Medical Research, Australia)**

“Aldosterone and mineralocorticoid receptors: Lessons for basic biology from clinical studies”

**11. Gilbert Vassart (Institute of Interdisciplinary Research, Belgium) IPSEN Prize Lecture**

"G protein-coupled receptors: from natural mutations to structure, function and evolution "

◆ **Panel Discussions**

**“Future of Clinical Endocrinology and Metabolism**

Date: March 27, 2010

Chairpersons: Kazuwa Nakao (Chairman of LOC, ICE2010)

Masatomo Mori (Chairman of the Board of directors, Japan Endocrine Society)

Speakers: Hiroo Imura (President, Foundation for Biomedical Research and Innovation, Japan)

Paul M. Stewart (Secretary-Treasurer, International Society of Endocrinology)

Phillip Gorden (Director Emeritus, National Institutes of Health, USA)

**“Future of Basic Endocrinology and Metabolism”**

Date: March 29, 2010

Chairpersons: Kenji Kangawa (Vice-Chair, the Board of directors, Japan Endocrine Society)

Shigeaki Kato (Chairman of POC, ICE2010)

Speakers: Pierre Chambon

(Director, Institut de Génétique et de Biologie Moléculaire et Cellulaire, France )

Hisayuki Matsuo

(Emeritus Director, National Institute of Cardiovascular Research Center, Japan)

Robert G. Roeder (Professor, The Rockefeller University, USA)

## ◆Meet-The-Professor

1. Ferid Murad (University of Texas Health Science Center, USA)
2. Paul M. Stewart (College of Medical and Dental Sciences, University of Birmingham,UK)
3. Felipe F. Casanueva (Department of Medicine, Complejo Hospitalario Universitario de Santiago, Spain)
4. Terry F. Davies (Thyroid Research Unit, Mount Sinai School of Medicine, USA)
5. Ron G. Rosenfeld (Oregon Health & Science University, USA)
6. M. Gary Nicholls (Department of Medicine, University of Otago - Canterbury, NZ)
7. Stevo Julius (University of Michigan Cardiovascular Medicine, USA)
8. Ilpo Huhtaniemi (Department of Reproductive Biology Imperial College London, UK)
9. Evan Simpson (Prince Henry's Institute of Medical Research,Australia)
10. Soren Rittig (Department of Pediatrics, Aarhus University Hospital, Skejby, Denmark)
11. Detlev Ganten (Charité-Universitätsmedizin Berlin, Germany)
12. Lynette K. Nieman (National Institutes of Health,USA)
13. Franco Mantero (Department of Medical and Surgical Sciences, University of Padova, Italy)
14. D. John Betteridge (Royal Free and University College London, UK)
15. John P. Bilezikian (Columbia University, USA)
16. Paolo Beck-Peccoz (Department of Medical Sciences University of Milan, Italy)
17. Leon Bach (Department of Endocrinology and Diabetes, the Alfred Hospital, Australia)
18. Stephen Franks (Institute of Reproductive & Developmental Biology, Imperial College London, and Hammersmith Hospital, UK)
19. Jeffrey F. Moley (Washington University School of Medicine, USA)
20. Margaret A. Shupnik (University of Virginia School of Medicine, USA)
21. Elaine M. F. Costa (Hospital das Clínicas da Faculdade de Medicina da Universidade de São Paulo, Brazil)
22. Ezio Ghigo (University of Turin, Italy)
23. Ken K.Y. Ho (Department of Endocrinology, St. Vincent's Hospital, Australia)
24. Gerald M. Reaven (Stanford University School of Medicine, USA)
25. E. Chester Ridgway (Division of Endocrinology, Metabolism and Diabetes, University of Colorado Denver, USA)
26. Xavier Bertagna (Department of Endocrinology, Cochin Hospital, France)
27. André Lacroix (Department of Medicine, Centre hospitalier de l'Université de Montreal (CHUM), Canada)
28. Stephen J. Marx (NIDDK, National Institutes of Health, USA)
29. Asgi Fazleabas (University of Illinois at Chicago, USA)
30. Wiebke Arlt (Centre for Endocrinology, Diabetes and Metabolism (CEDAM), School of Clinical & Experimental Medicine, University of Birmingham, UK)
31. Enrico Papini (Ospedale Regina Apostolorum, Italy)
32. Christopher J. Charles (Christchurch Cardioendocrine Research Group, University of Otago, Christchurch, NZ)

## ◆Symposia

### Category

1-1) Diabetes Mellitus	11 sessions
1-2) Obesity & Adiposcience	9 sessions
2) Peptides	7 sessions
3) Thyroid	8 sessions
4) Bone & Mineral Metabolism	7 sessions
5) Endocrine Surgery	1 session
6) Neuroendocrinology	8 sessions
7) Steroid Receptors	11 sessions
8) Cardiovascular Endocrinology and Metabolism	11 sessions
9) Tumor	6 sessions
10) Reproduction and Development	7 sessions
11) Regeneration	4 sessions
12) Pediatric Endocrinology	7 sessions
13) Signal Transduction	5 sessions
14) Adrenal	6 sessions
